### PROFILE

Motivated and detail oriented with a strong passion for creating impactful digital solutions. Known for a proactive mindset, quick learning ability, and a commitment to delivering high quality work. Skilled at solving problems, adapting to new challenges, and collaborating effectively within teams. Eager to contribute value, grow continuously, and exceed expectations in every opportunity. Invest in my potential, and you'll be investing in adaptability, growth, and relentless curiosity.

### WORK EXPERIENCE

#### Staff Outsourcing Solution Web Developer Intern

- Served as a Web Developer Intern for over 5 months, collaborating with fellow interns on the development of two projects and culminating in formal presentations to the company's CEO and management team.

#### Freelance Graphic Design

- creating custom, visually striking designs that align with each client's unique vision and brand identity. From logos and social media graphics to full-scale branding packages, I focus on delivering designs that are not only creative but also purposeful and impactful. I collaborate closely with clients to ensure every project reflects their goals and stands out in a competitive market.

### CERTIFICATES OF COMPLETION
